

**Examination of East Northamptonshire Rural North, Oundle and Thrapston Plan (DPD).**

Hearing Agenda – Affordable Housing Policy. Supplementary.

Additional questions (for Council) on policy application.

1. Proposed Change IN011 is to delete Policy 19 (as previously suggested for amendment by change H009 but the target of 500 is introduced as text by IN014. *In view of the change to Policy 20 (IN013) how is the overall target to be achieved? Are the targets for the individual settlements realistic and how is the revised figure of 30 affordable dwellings in rural settlements deduced?*

2. In view of the change to Policy 20 is it realistic to have a target of 100% (IN013(3)) of sites over 15 dwellings achieving 40% affordable housing?

3. How does the provision in Policy 11 governing the size and mix of affordable housing on sites relate to the mix (tenure split) in Policy 19?
