2 February 2015

Dear Mrs Wilkinson

**Application to have two parishes designated as a single neighbourhood area**

Thank you for your letter dated 25 January 2015 applying to have Barrowden and Wakerley parishes designated as a combined "neighbourhood area" for the purposes of producing a neighbourhood plan.

I understand that your Parish Council is acting on behalf of Wakerley Village Meeting in this respect and that your Parish Council has their agreement to do this.

I can confirm that the application meets the requirements of the Neighbourhood Planning (General) Regulations 2012 and that in accordance with Regulation 6 we will proceed to publicise the application and to make the following information available on our website:

- a) a copy of the area application (your letter dated 25 January 2015);
- b) a map showing the proposed area to be designated;
- c) details of how to make representations to the two local planning authorities;
- d) that representations must be received by the two local planning authorities in the 6-week consultation period from Friday 13 February to Friday 27 March 2015.

East Northamptonshire Council will similarly be publicising the application and making this information available on its website.

Rutland County Council will act as the lead authority for handling this neighbourhood plan and will initially receive representations on behalf of the two local planning authorities. However it should be noted that, as this involves a cross-boundary application, each of the two authorities will be responsible for considering and designating the neighbourhood area within their respective boundaries.

We have also prepared a Public Notice which is attached for your information. You are welcome to display this notice as you see fit. It would also be helpful if you could put information on your website too, directing people to make any representations to us.

If you have any queries please contact my colleague Peter Beever on 01572 758211 or e-mail [pbeever@rutland.gov.uk](mailto:pbeever@rutland.gov.uk) in the first instance.
