Attachment(s) None

1.0 Background

- 1.1 The Homelessness Grant is a grant paid to the council annually by Communities and Local Government (CLG) for use in the prevention and reduction of homelessness. The grant for East Northamptonshire for 2011/12 is £50,000.
- 1.2 At its meeting on the 3 February 2011, the Finance Working Party recommended the allocation of the Homelessness Grant 2011/12 to the Homelessness Budget. This was approved by the Policy and Resources Committee on 17 January 2011 (minute 388).
- 1.3 At the meeting on 4 July 2011, Policy and Resources Committee agreed (minute 81) that £15,000 of the funding should be allocated as external grants with the remainder for contingency / specific projects. This report relates to funds allocated for contingency projects.
- 1.4 For the first time since receiving this grant in 2003 CLG has asked local authorities to provide details on how the grant has been spent. Although the grant is not ring-fenced, CLG have always strongly encouraged local authorities to use it to prevent and respond to homelessness in their area.

2.0 Application for Funding

- 2.1 Funding is requested from this grant allocation to provide a Severe Weather Emergency Protocol (SWEP) facility in Rushden over the winter period.
- 2.2 CLG advises that every local authority should have a SWEP that is activated when the temperature is forecast to drop to zero degrees (or below) for three consecutive nights. The protocol is implemented on the first night of the forecast and applies to local authorities where rough sleepers may not usually be an issue.
- 2.3 Having the protocol ensures that the local authority can provide suitable accommodation quickly to prevent harm and death due to severe weather conditions.
- 2.4 East Northamptonshire Community Services (ENCS) has agreed to make available a room in the Full Gospel Church building that would be able to accommodate up to 5 people if required. This arrangement would only be over the winter period and only operational when either the Housing Strategy Manager or the Housing Services Officer gives authorisation. Officers will be using the Met office forecast in order to determine whether the SWEP is activated.
- 2.5 ENCS has agreed to provide a warm meal in the evening and a warm bed for the night. Staff operating the facility will engage with the clients while they are there to try and help them seek assistance to end their rough sleeping. The SWEP is not a permanent service and is a completely different project to the 4 bed Night Shelter.

- 2.6 The SWEP will be closed during the winter period if the temperature rises above Zero degrees Celsius at night. As a result it maybe that the SWEP is open and closed several times in the winter period.
- 2.7 ENCS has agreed to provide a SWEP for a nightly charge of £15 per client. As a result it is estimated that £3,000 would be a sufficient fund to provide the facility. This would provide shelter for 5 rough sleepers for 40 nights. It is proposed that ENCS will provide regular monitoring of clients using the SWEP and will invoice the local authority for clients that have used it.
